- 8:40- 8<sup>th</sup> Grade Boys and Girls vs. Parents, Teachers, Coaches

**In March of 1972, Thorpe Hall hosted the first annual St. Patrick W.P. Jamboree. This tradition continued for 36 years through 2008. Every basketball team that has worn a St. Patrick jersey, both boys and girls, has participated in this celebration of competition and athletics through this school. At the end of the 2008 school year, St. Patrick W.P. School closed its doors, thus ending this tradition.**

**In the fall of 2008, the children of Ascension, Annunciation, and St. Patrick's parishes came together to open West Park Catholic Academy. This year, they were joined by some former students of St. Mel's parish. With the merging, comes the joining of values, beliefs, and traditions that these groups have participated in and shared. The WPCA Athletic Association formed with the joining of parents, parishioners, and friends of the four parish communities, in an effort to provide a safe, nurturing, and healthy environment for the children of WPCA to participate and grow in, athletically. With the help and support of the school, the parishes, and most importantly the families, the Athletic Association has been a huge success. Thank you for your help.**

**This weekend is the continuation of an old tradition. Every student that will put on a West Park Catholic Academy Flyer's basketball jersey, now and in the future, will now be a part of this tradition. Welcome to the Second Annual WPCA Basketball Jamboree!!**
